

Google Maps

Google Maps is a free app that helps you find addresses, shops, and services, and get directions to reach them, on foot, by car, or by public transport. It is one of the most useful apps for getting around safely and confidently in your everyday life.

Google Maps

Searching for an Address or Shop.

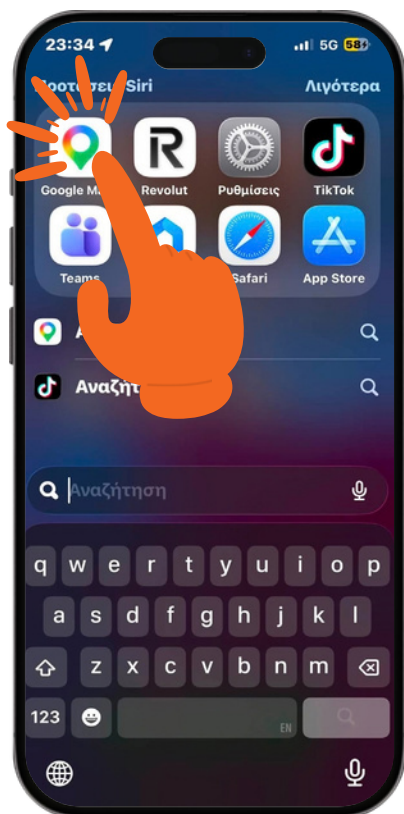

1. Find the app

Find the Google Maps app on your device.

2. Open the app

Open Google Maps by tapping the app icon.

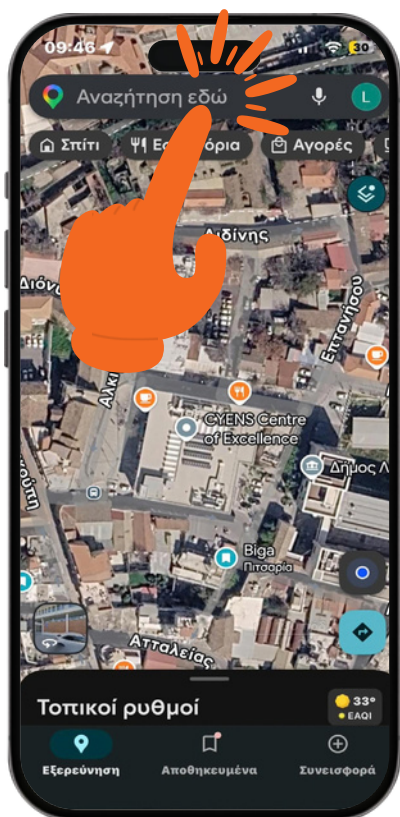

Google Maps.

Searching for an Address or Shop.

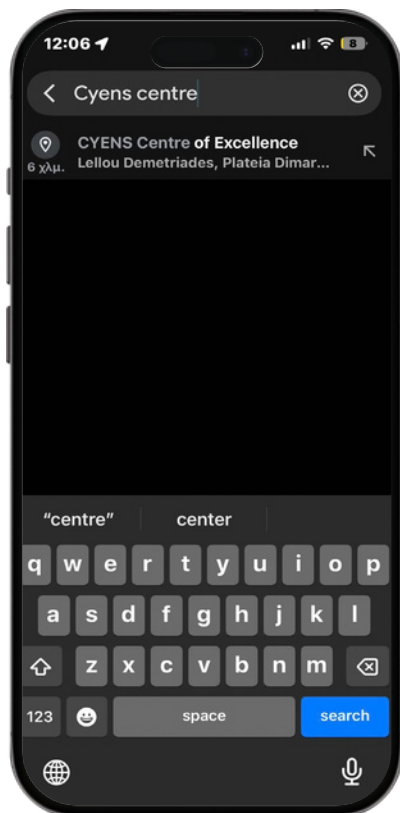

3. Tap the search bar

Tap the search bar at the top of the screen.

4. Enter the address

Type the address or the name of the building or shop, then tap Search.

Searching for an Address or Shop.

5. View the location on the map

Google Maps will show the location on the map with a red pin at the exact point.
