

Internet Safety.

In this section, you will learn how to use the internet more safely. You will see how to recognise suspicious messages and scams, protect your personal information, and create secure passwords.

Find an educational
video on our website:

Information you should never share online.

Trustworthy organisations will never ask for the following through a message or phone call:

Your identity-card number

Do not give it to anyone you do not know personally.

Your bank details

No bank will ask for passwords through a message.

Your password

Your password belongs only to you.
Do not share it with anyone.

Your home address

Do not send it to people you do not know well.

Your phone number

Give it only to people and services you trust.

Family photos

Share them only with people you trust.
