

Internet Safety.

In this section, you will learn how to use the internet more safely. You will see how to recognise suspicious messages and scams, protect your personal information, and create secure passwords.

Find an educational
video on our website:

Risks and protection on Social Media.

Choose what you share and who you want to share it with. You can adjust your privacy settings as you wish. It is best to send friend requests only to people you know and trust. Never click links sent by strangers. Do not save files sent by strangers.
