video on our website:

Different browsers.

A browser is the app you use to go onto the internet and view websites. On iPhones, Safari is usually used, while Google Chrome is also available. Using a browser, you can search for anything that interests you, read news, view maps, watch videos, or shop online. It is like a gateway that takes you anywhere on the internet through your mobile phone.

Safari.

Safari is the browser that comes pre-installed on every iPhone. It lets you browse the internet, search for information, and visit websites without needing to download anything extra.

Bookmarks in Safari.

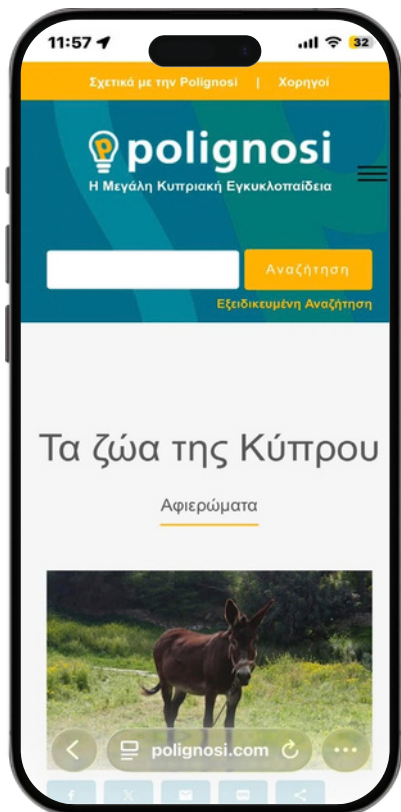

A bookmark is like marking a page you like, so you can find it again easily without searching for it from the beginning.

Safari.

How to add a page to your bookmarks.

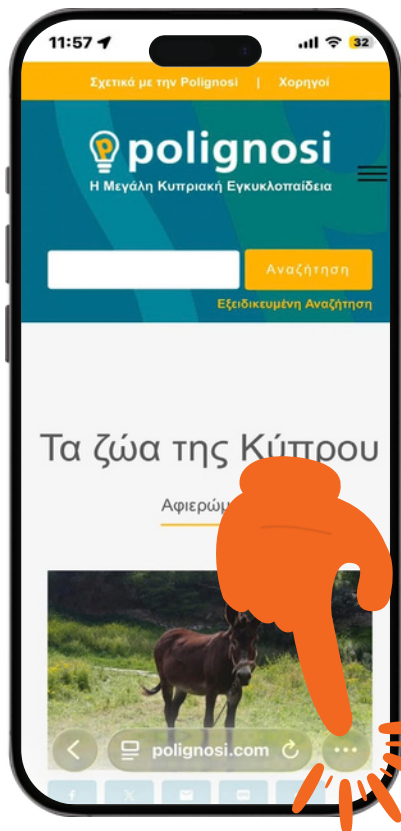

1. Open the page you want

Go to the website you want to save.

2. Tap the three dots

Tap the three dots (⋮) at the bottom of the Safari screen.

How to add a page to your bookmarks.

3. Tap “Add Bookmark”

From the menu that opens, tap “Add Bookmark” and then “Save”.

4. The page has been added!

The page has been saved and you can find it again whenever you want.
