

Google Chrome.

Google Chrome is the app you use to browse the internet from your Android mobile phone. It lets you search for information, open websites, and save pages so you can easily find them again later.

Google Chrome.

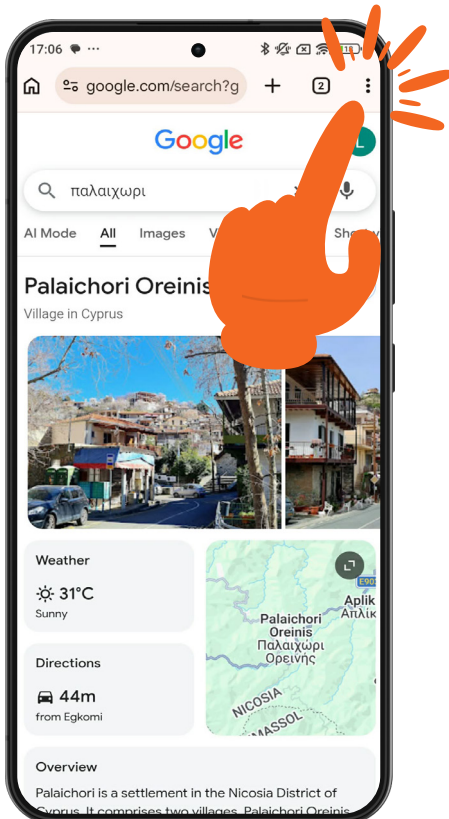

Browsing history.

Browsing history is the list of websites you have visited, so you can find them again easily without searching for them from the beginning.

How to view your browsing history.

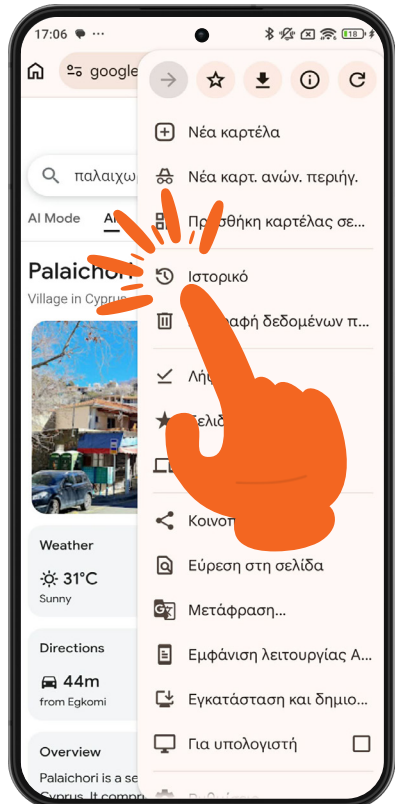

1. Tap the three dots

Tap the three dots (⋮) at the top of the Google Chrome screen.

2. Tap “History”

From the menu that opens, tap “History”.

Google Chrome.

How to view your browsing history.

3. View your browsing history

You will see the list of websites you have visited.
