video on our website:

Different browsers.

A browser is the app you use to go onto the internet and view websites. On iPhones, Safari is usually used, while Google Chrome is also available. Using a browser, you can search for anything that interests you, read news, view maps, watch videos, or shop online. It is like a gateway that takes you anywhere on the internet through your mobile phone.

Safari.

Safari is the browser that comes pre-installed on every iPhone. It lets you browse the internet, search for information, and visit websites without needing to download anything extra.

Bookmarks in Safari.

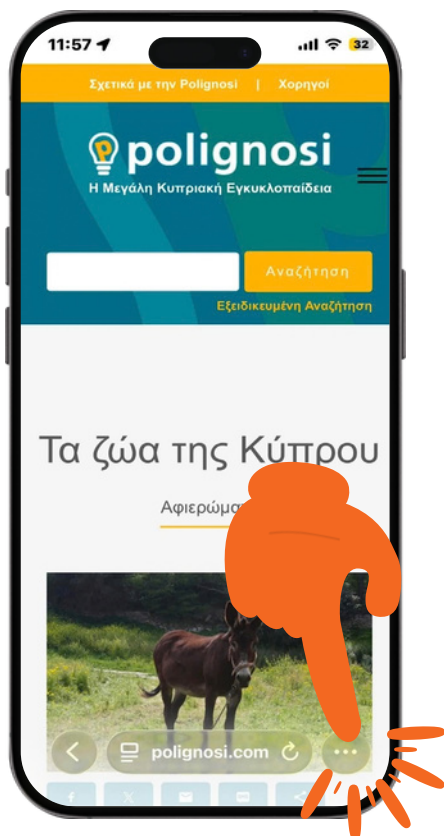

A bookmark is like marking a page you like, so you can find it again easily without searching for it from the beginning.

Safari.

How to view all your bookmarks.

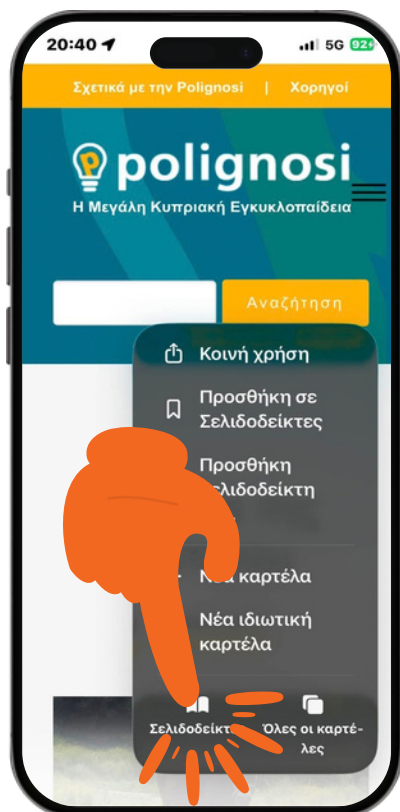

1. Tap the three dots

Tap the three dots (“...”) at the bottom of the Safari screen.

2. Tap “Bookmarks”

Tap “Bookmarks” to see the list of all pages you have saved.

How to view all your bookmarks.

3. See what appears on the page

At the top, you will see “Recently Saved” items with small images. Below that, you will see the list of all bookmarks.

4. Open a page

Tap any card under “Recently Saved” or any item in the “Bookmarks” list to open the page.
