

The Messenger app.

Messenger is Facebook's messaging app. It works similarly to Viber: you send messages and photos and make video calls for free through the internet. It connects to your Facebook account, so it is convenient if you or your family already have an account there.

The Messenger app.

Installing Messenger and creating an account.

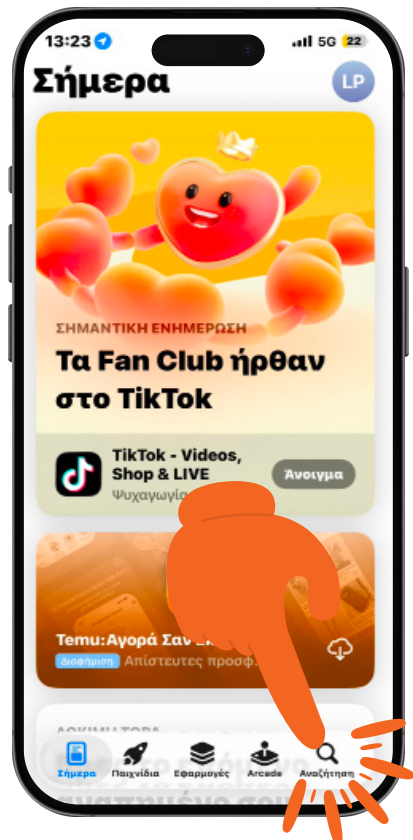

1. Find and open the App Store

Find and open the App Store app on your device.

2. Go to Search

Tap the search icon.

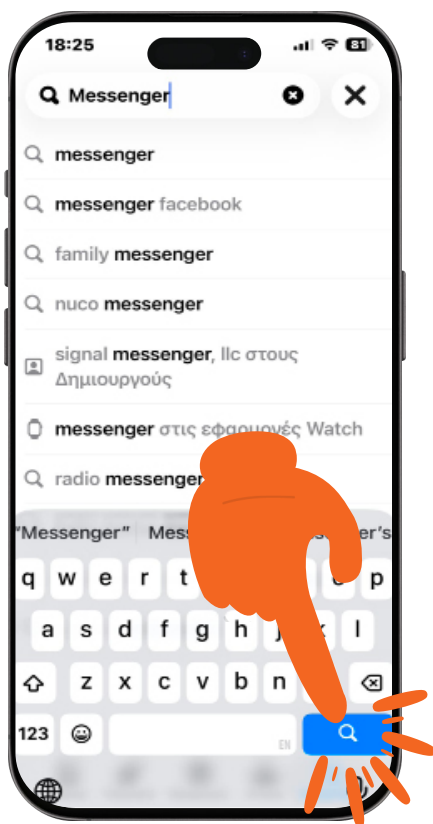

The Messenger app.

Installing Messenger and creating an account.

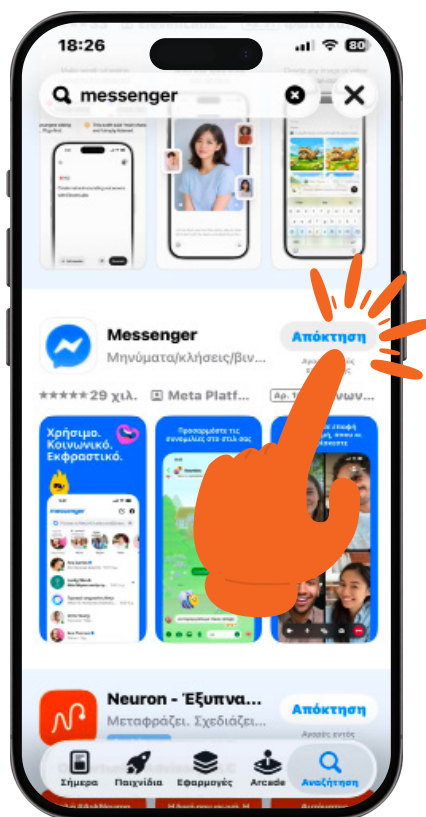

3. Search for “Messenger”

Type “Messenger” in the search bar.

4. Tap “Get”

Tap the “Get” button next to the Messenger app.

Installing Messenger and creating an account.

15. Create a password

Create a secure password that you can remember but is not easy for others to guess, then tap “Next”.

16. Confirm your number

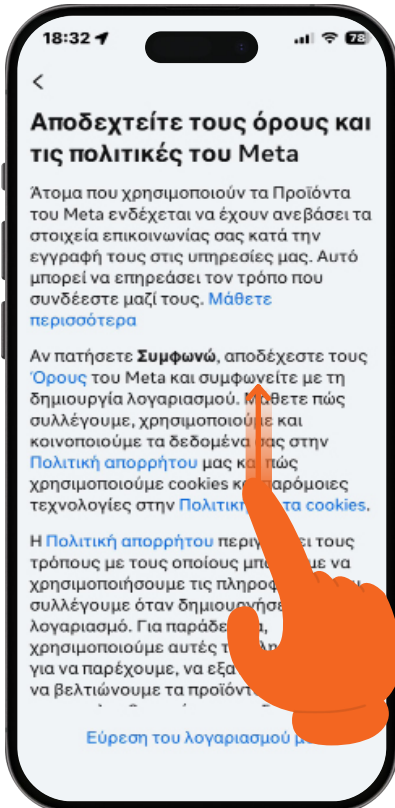

Enter the code sent to you in a message to confirm your number.

Installing Messenger and creating an account.

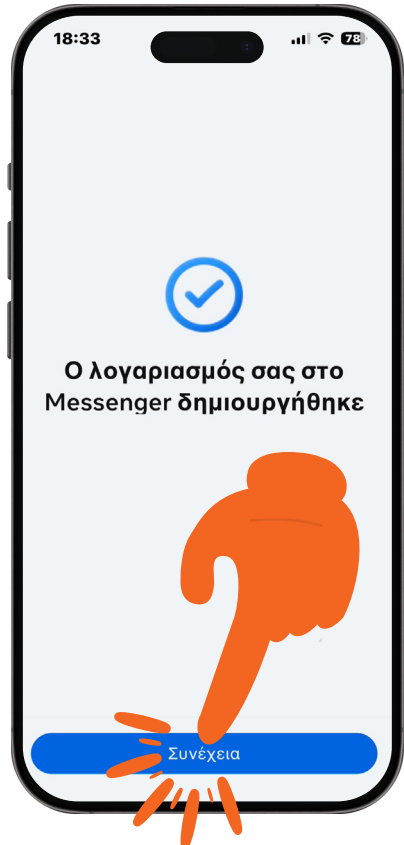

17. Accept the terms

Scroll down until you see the blue “I Agree” button, then tap it.

18. Tap “Continue”

Tap the blue “Continue” button.

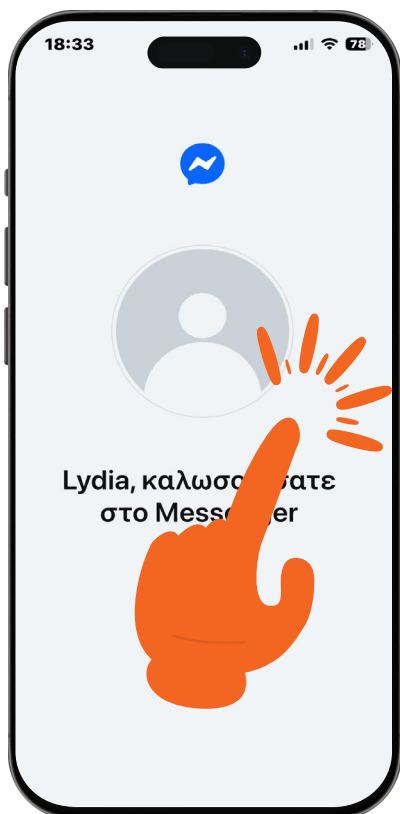

The Messenger app.

Installing Messenger and creating an account.

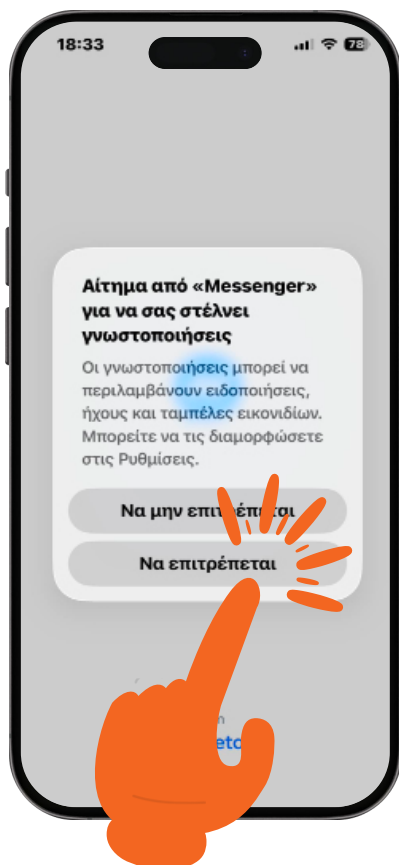

19. Tap the welcome screen

Tap the screen to continue.

20. Allow permissions

Tap "Allow" on the permission requests that appear.
