

The Messenger app.

Messenger is Facebook's messaging app. It works similarly to Viber: you send messages and photos and make video calls for free through the internet. It connects to your Facebook account, so it is convenient if you or your family already have an account there.

The Messenger app.

Creating a group chat.

1. Find Messenger

Swipe through the Home Screen to find Messenger.

2. Open the app

Tap the Messenger app icon.

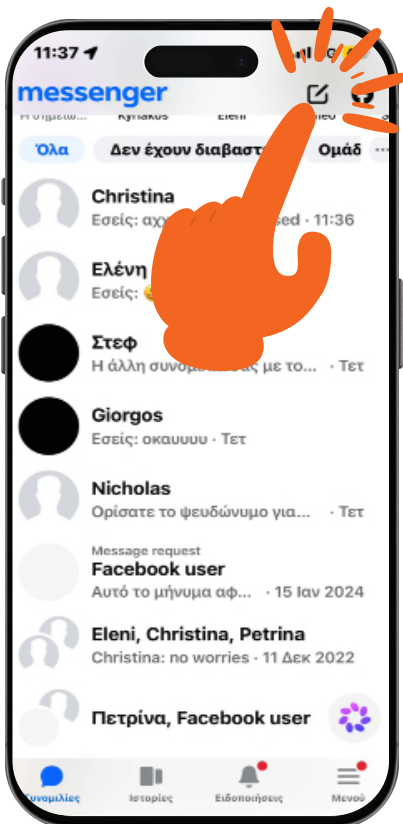

The Messenger app.

Creating a group chat.

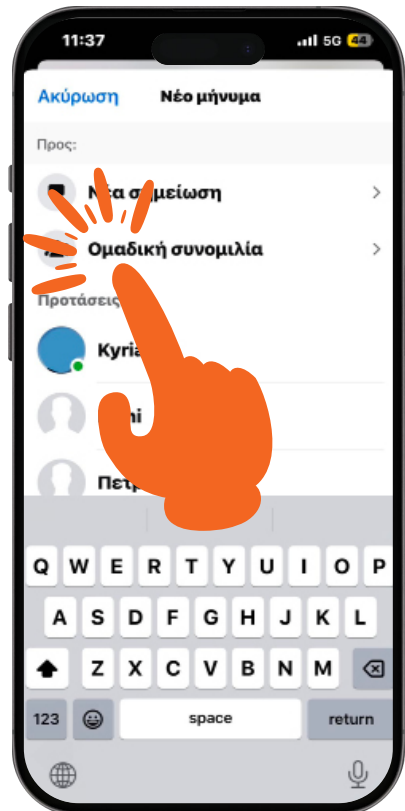

3. Tap the button at the top-right

Tap the button at the top-right to create a new group.

4. Tap “Group Chat”

Select the group-chat option.
