

The Messenger app.

Messenger is Facebook's messaging app. It works similarly to Viber: you send messages and photos and make video calls for free through the internet. It connects to your Facebook account, so it is convenient if you or your family already have an account there.

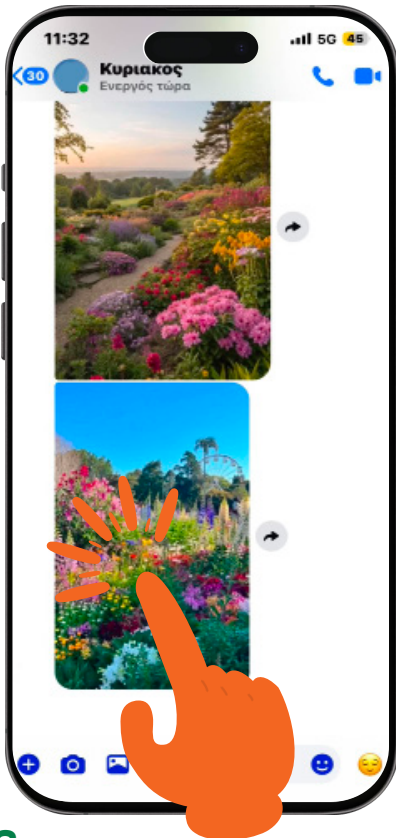

The Messenger app.

Saving a photo sent to you.

1. Open the photo

Tap the photo you received.

2. Save it

Tap the save icon
at the top-right.
The photo is saved on your
mobile phone.
