

Home Screen.

This is the first screen you see after unlocking your phone. It has your app icons, your most important apps at the bottom, and a search button.

Apps
Each icon
is an app.

**Search
button**

**Favourite
apps**

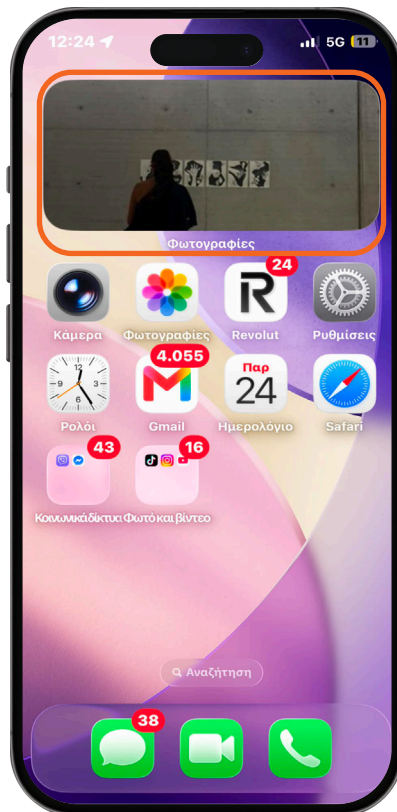

**Folders
containing
groups of apps**
Several icons
together in
one box form a
folder, making
them easier to
organise.

Home Screen.

Widgets.

Small windows on the Home Screen that show information at a glance, such as the weather or date, without opening the app.

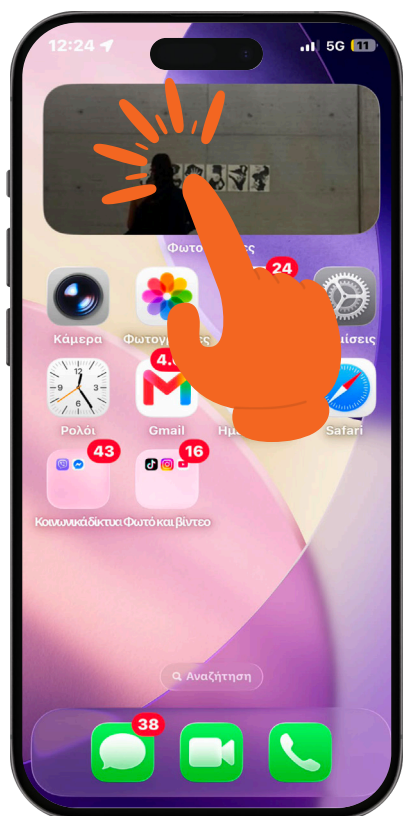

Home Screen.

How to remove a widget.

1. Open the menu

Long press the widget you want to remove until a menu appears.

2. Remove the widget

Tap “Remove Widget” and confirm, if asked, by tapping “Remove” again.
