

Apps.

Apps are the small programs on your mobile phone: one for calls, another for photos, and so on.

How to open an app.

Tap the icon of the app you want, on the Home Screen or in the list of all apps.

If the app is inside a folder, first open the folder and then tap the app.

Apps.

How to leave an app.

Quickly swipe up from the bottom of the screen to return to the Home Screen without fully closing the app; it simply continues to run in the background.
