

Apps.

Apps are the small programs on your phone: one for calls, another for photos, etc.

How to open an app.

Tap on the icon of the app you want, on the home screen or in the list of all apps.

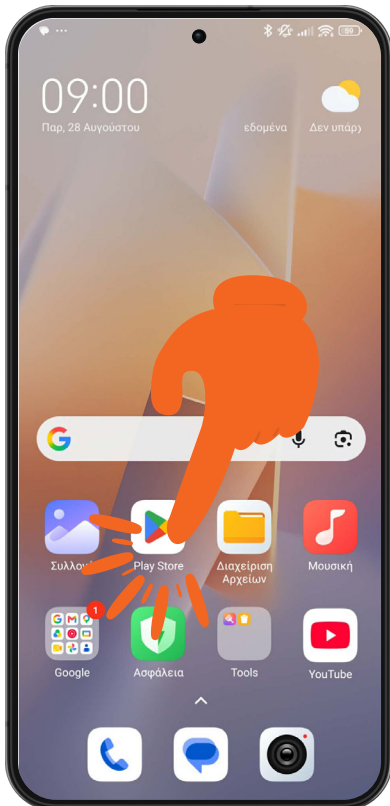

If the app is inside a folder, you must first open the folder and then tap on the app.

How to download an app from the Play Store.

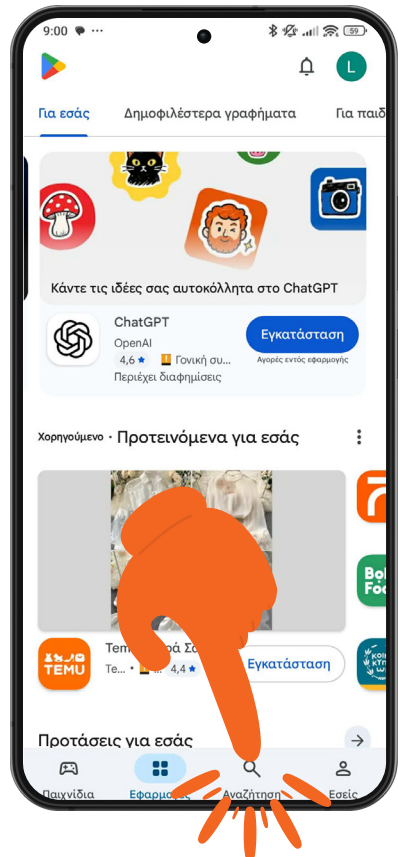

1. Find the Play Store app

Locate and open the Play Store app on your device.

2. Open Search

In the menu at the bottom, tap the search icon.

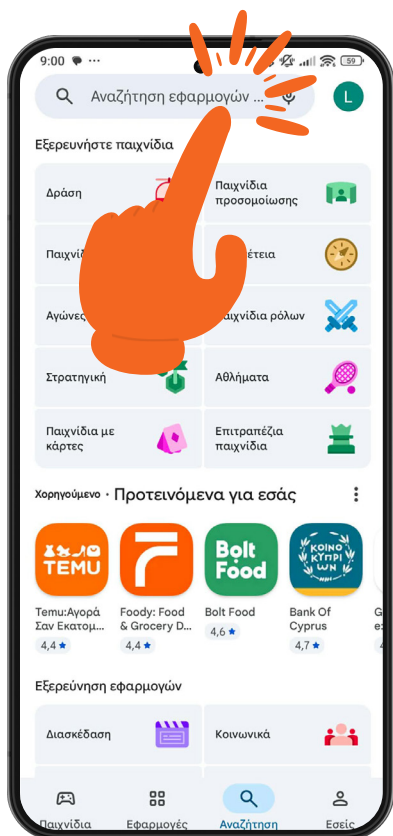

Apps.

How to download an app from the Play Store.

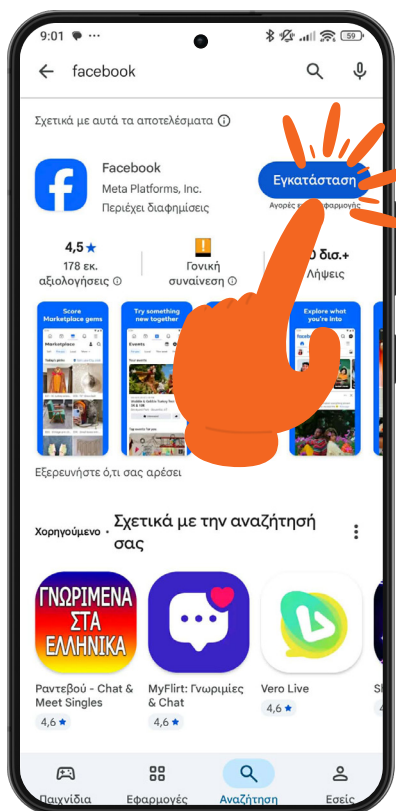

3. Search for the app

Tap the search bar and type the name of the app you're looking for, e.g., Facebook, and tap the search button when finished.

4. Download the app

Find the app you're looking for and tap the "Install" button. Follow any confirmation steps shown on your device.

How to download an app from the Play Store.

5. Open the app

Once the download is finished, which will take a few minutes depending on your connection, tap “Open” to use it.
