

Apps.

Apps are the small programs on your mobile phone: one for calls, another for photos, and so on.

How to open an app.

Tap the icon of the app you want, on the Home Screen or in the list of all apps.

If the app is inside a folder, first open the folder and then tap the app.

Apps.

How to download an app from the App Store.

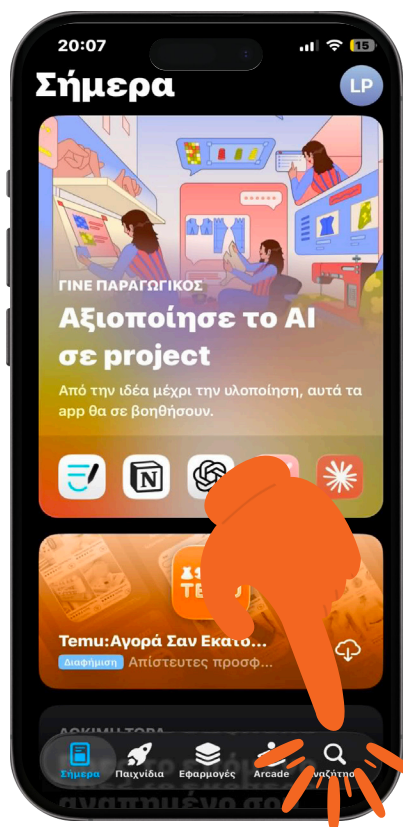

1. Find the App Store app

Locate and open the App Store app on your device.

2. Open Search

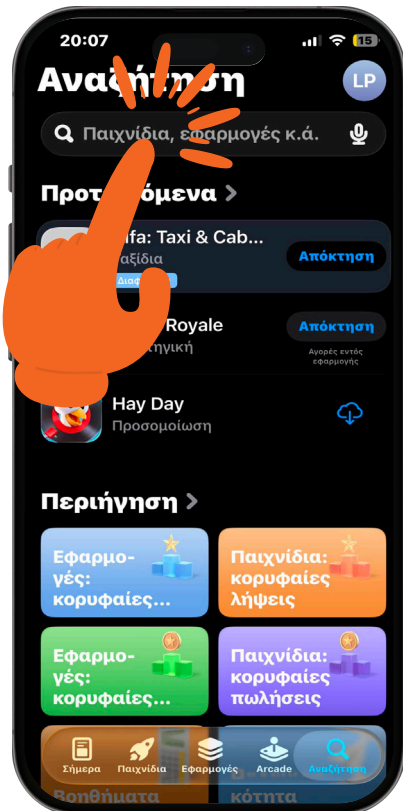

In the menu at the bottom, tap the Search icon.

How to download an app from the App Store.

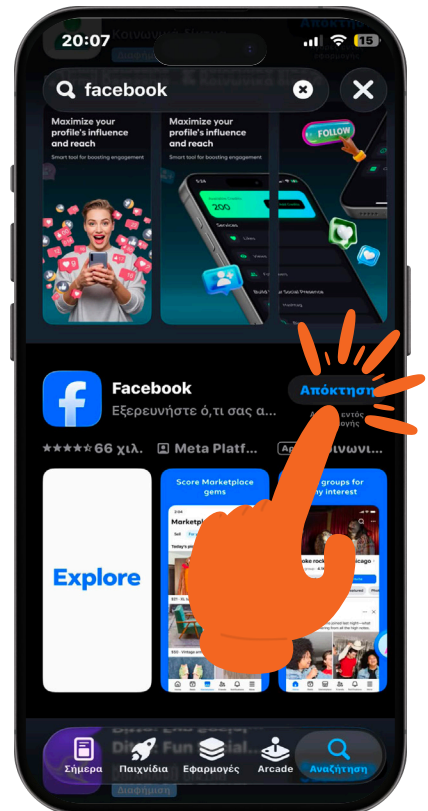

3. Search for the app

Tap the search bar and type the name of the app you are looking for, for example Facebook, and tap the Search button when you are finished.

4. Download the app

Find the app you are looking for and tap the “Get” button.

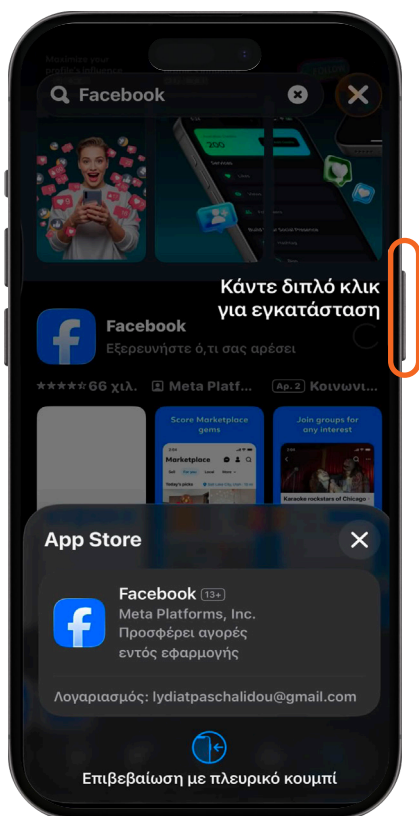

Apps.

How to download an app from the App Store.

5. Confirm installation

Double-click the power button and let the phone recognise your Face ID, or enter your passcode.

6. Open the app

When the download is complete, which may take a few minutes depending on your connection, tap “Open” to use it.
